

Examples of Coaching Niches

You have the training and skills to coach, now it is the right time to KNOW WHO YOU ARE AS A COACH. Applying The One Command and The One Command process in any field gives you ultimate flexibility and infinite resources to be a well-paid extremely successful coach.

Get started right now defining who you want to coach and what field you want to become known as “the expert to go to coach”.

If this is your first coaching business then get started immediately coaching others. Define yourself and your skills by doing the coaching –even if it is for free to start. The doing leads to clarity and more confidence in your ability and fine-tunes your message of change, help and abilities to your clients.

Here are some suggestions but there are literally hundreds of identifiable niches you can create that resonates with who you are and who you want to serve.
