### **How to use this manual:**

This a process oriented call.

Listen and be present to the material.

Don't worry about taking notes.

You can listen to the call again and write down points and impressions later.

*People become really quite remarkable when they start thinking that they can do things. When they believe in themselves, they have the first secret of success. ~ Norman Vincent Peale, Author, The Power of Positive Thinking.*

### **Take Action!**

You have to be supported, unconsciously in agreement with that idea and the EMOTION OF ACTION.

You have to be greater than your beta mind and be in the Emotion of that desires for your success.

Support at the base – yes I can take action!

### **Be Successful!**

First you create the emotional satisfaction of your success from within.

Come into alignment and agreement that you are doing it right.

Then naturally take the right actions.

Become in agreement with your genius.

### **What is the One Decision?**

The One Decision is that “I am a Success.”

I AM A SUCCESS

I AM SUCCESSFUL IN ALL I DO

I AM KNOWN AS A SUCCESS

I RADIATE SUCCESS

I AM LIVING A SUCCESSFUL LIFE RIGHT NOW - AT THIS  
MOMENT!

### **Absolute Certainty**

When you know you are a success, not working hard to achieve, but are being it.

Absolute magic comes flooding into your life like the domino effect.

In wonderful and mysterious ways.

### **Rate Yourself on a Scale of 0 to 10**

Do you believe it are you ready for it?

Close your eyes and rate yourself on a scale of 0-10 ten being the ultimate success.

Where are you on that scale of your belief that you are a success?

When you believe....

BE OPEN TO THE POSSIBILITY THAT YOU COULD MAKE A CHANGE...

When you make a Command change, I don't know how - in theta you are in the emotion and the neurology, and biology of "I am a success."

I don't know how I am in my state of I am a success.

Beta mind doesn't get it, but your greater intelligence does.

### **Relationship Greatness**

To have an emotional quality of your life to be in a present experience of yourself in a coherent state.

You naturally and easily can accomplish your goals beyond your rational mind.

Set up the dynamics of being in your theta success system consciously awake and to Command Your subconscious mind to get on board.

### **Your Unconscious mind is waiting for a decision.**

How can I drive all of my massive talent waiting to express?

You can quickly disengage the old story.

Becoming awake and alert.

Quickly close your eyes and tune in on remembering a time that you experienced your success – tune in on something you do well.

### **Your beliefs interact with your biology.**

One idea can debilitate you or another idea can create a state of lightness, happiness, potentiality.

Look at programs that inhibit you.

Open to the possibility of change that “I am a success.”

You know you are a success somewhere in your life.

You now know that you can create that coherence of “I am a success.”

### **Access the greatness that is You**

That greater intelligence is you in that greater intelligence that is you and the capacity of your intelligence – to find a solution – motivation.

All that information is yours.

The potency and power that you have right within you, beyond the inspiration to making the biological change to make it real in a new position in the universe. When you feel the emotion in your body in a SUPER positioning - A NEW SHIFT POINT!

## **The arguments of the unconscious mind now arrive. What opposes the possibility of change?**

They were formed as a child when your predominate brain wave was theta/delta.

All of your subconscious memories reside here.

In those memory fields you made decisions that are completely inaccurate – completely false.

Entrained and entrapped, and there are unimaginable other ways to think and be that you haven't even touched yet.

### **A Real Shift**

The One Decision for your success is written on your hard drive and is excited with heat, emotion and emotion –you are now seeking that possibility of return.

Your subconscious mind is only looking to see your success – it is only looking to find that.

### **When you make a Command**

You turn on and activate the programs that are your success in your body and brain.

Now you have permission to search for something beyond what you thought you knew in your greater intelligence that knows the answer in that great portion of your own intelligence.

### **Next it shows up in your life.**

And you shift into this new position that life is easy.

You begin operating in a rhythm of the universe, continue going forward in that positioning.

**I am a Success!**

The new program written on your hard drive and accepting the new possibility that I am a success.

Reframe the old – give it up....

You are the reality-making mechanism of your life.

You are the authority of your own life and your own expression of Success!

**You have the power to shift your environment.**

You shift thought and feeling at DNA level and success follows – the blueprint for success.

YOU ARE HARD-WIRED FOR SUCCESS!

**Your unconscious success driver.**

I have to find some successful people.

I have to define a success career.

I have to find a success relationship

A financially successful future now.

Go on the ride.....

Allow that which you wish to have happen to arrive and to enjoy it.

Not a reach for you anymore – it becomes the next natural step.
